- HELPS PROTECT AGAINST FURTHER OXIDATION

SHAKE WELL

HEAVY-DUTY METAL POLISH

Advanced formula metal polish achieves a high-gloss mirror finish. Specialised abrasives and cleaners help prevent surface rust, leaving a brilliant, blemish-free shine. Quality sealants also help protect against further oxidation.

HOW TO USE

1. Shake well until the colour is uniform.
2. Apply a small amount to a cloth or polishing ball.
3. Rub in circular motions with firm pressure.
4. Allow to haze, then buff with a clean cloth.
